1. Introduction

This is a sample document demonstrating the Flow-Way template.

The title of the current section is displayed in the header of each page.

1.1. Lists

The lists are styled according to the main colour of the template, that you can customize.

- First item
- Second item
- Third item

1. First item
2. Second item
3. Third item

1.2. Code

Here is an example of inline code: `let x = 10`. For code blocks:

```
fn main() {
    println!("Hello, world!");
}
```

1.3. Images

Here is an example of an image included in the document:
